Guardian Medical Transport Mission Statement

Guardian Medical Transport responds 24 hours a day, 7 days a week, 365 days a year to assist the victims of illness and/or injury. Guardian is dedicated to providing prompt and excellent emergency medical care to each and every one of our customers.

We treat each patient like a family member...that we like.

Where we began...

- ❖ Guardian Medical Transport began providing EMS to Flagstaff and it's surrounding communities in 1984, 26 years ago.
- ❖ We had a 3 ambulance fleet
- ❖ Daily staffing was one 24 hour car with one on call.
- ❖ Our CON was 4500 square miles

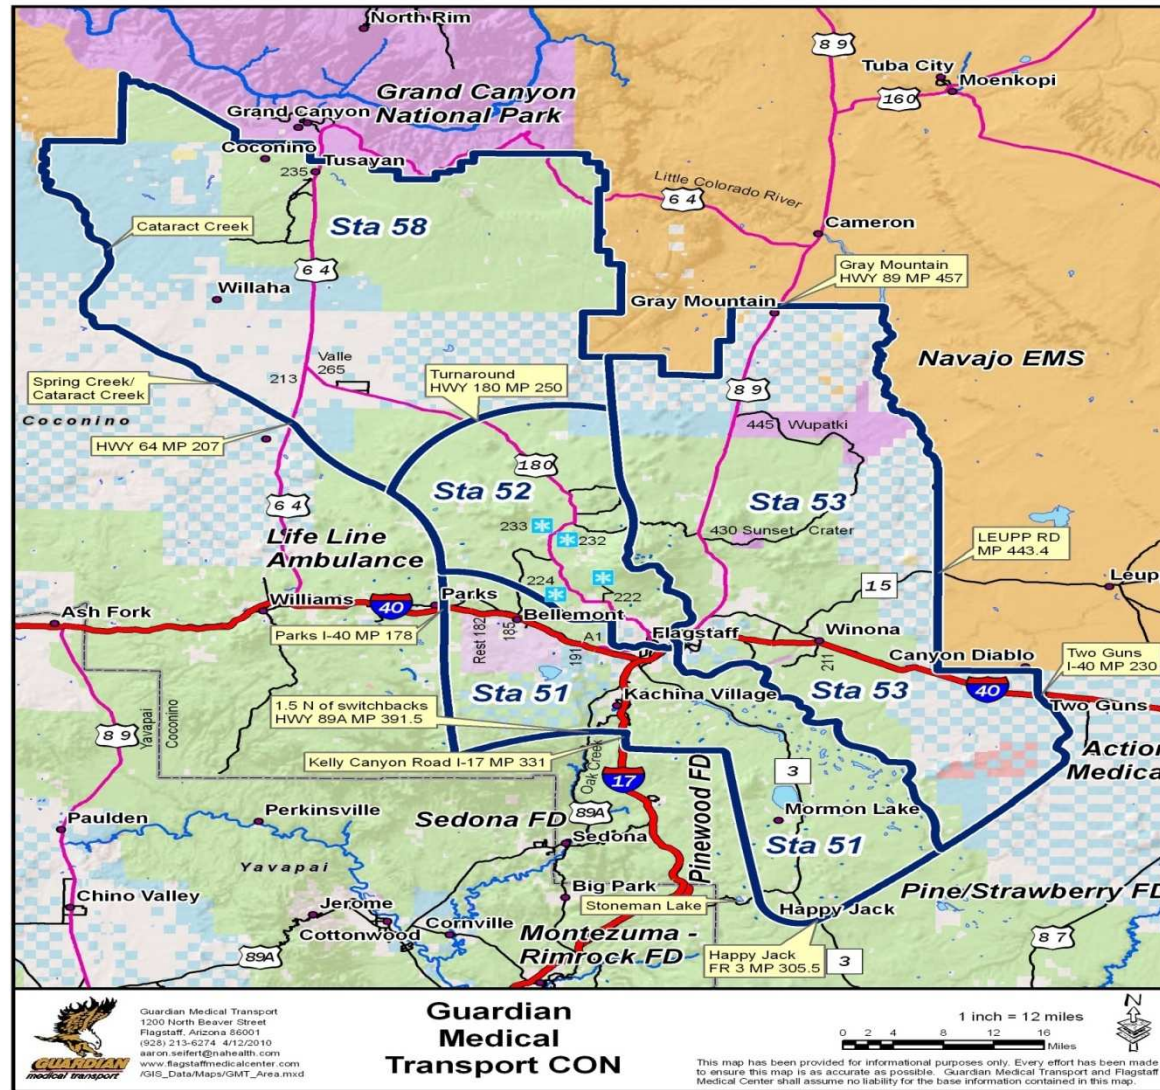

Guardian now...

- ❖ We have just under 100 employees
- ❖ Total Call volume for 2009 was:
 - ❖ 14,354 total calls
 - ❖ 11,185 ALS Calls
 - ❖ 1,219 Non-emergent Transports

GMTs response area is now approximately 6200 square miles of Northern Arizona.

GMT Management

Mark Venuti is the Director of Guardian, overseeing daily operations of GMT

There are 3 shifts (A,B,C Shift) and each shift has one assigned Battalion Chief.

Each shift has up to 3 assigned Captains who assist the Battalion Chiefs and crews with overall daily operations and procedures.

One Communications Supervisor

GMT Field Staff

24 hours a day

- ❖ 1 full-time Battalion Chief, Paramedic
- ❖ Up to 3 Captain Paramedics
- ❖ 6 full-time ALS ambulances
- ❖ 1 part-time ALS ambulance (noon-midnight)

Guardian's Communication's Center

GMT has a Communications Center that is responsible for collecting information and dispatching the crews on 911 calls, inter-facility transports and long distance patient transports 24 hours a day.

A Communications Supervisor overseeing daily Comm Center operations.

Communication Technicians work 12 hour shifts and 4 are staffed any given 24 hour period.

Guardian's Communication's Center

Communication Technicians are an essential part of GMT's overall operations and play an essential role in crew safety.
